FORTS OF THE ENEMY BOMBARDED.

Renowned Shelling of Fort Cabanas Last Night—Another Spanish Battery Silenced by Our Big Guns.

TEN SHELLS DID THE WORK.

Spain's Big Fleet Has at Last Sailed From the Cape Verde Islands—But Its Destination Is Unknown.

SPANISH CRUISER REPORTED DESTROYED.

Atlanta, Ga., April 30.—A cable dispatch from Key West says that Sampson's fleet, with ten shells, silenced the guns of Fort Cabanas last night.

Atlanta, April 30, 12:44 p. m.—The story of the bombardment of Cabanas last night by Admiral Sampson's fleet has been fully confirmed. Only ten shots were necessary to silence the Spaniards' guns. The fort was almost demolished.

Cabanas is on the coast about 30 miles west of Havana.

Washington, April 30.—The fast ocean greyhounds, the St. Paul and Harvard, sailed today to search for Spanish vessels of the southern coast. These vessels can outstrip any war vessel afloat and could easily give the alarm should any Spanish vessels be hovering off the coast.

EASY TO WHIP SPAIN.

London, April 30.—A prominent Englishman, who believes in the justice of American cause, and who is also of the opinion that the United States will certainly have a walkover, is Lord Wolsey, the commander-in-chief of the British forces.

During a dinner party conversation yesterday, Lord Wolsey drew a parallel between Cuba and Crete, saying:

While England interfered in Crete on moral grounds, the United States has both moral and material justification for intervention. I believe the quality of the American army and navy is so much superior to Spain's that the Americans will have no difficulty in defeating Spain's ships and land forces, which are their equals or superiors on paper only.

NO WORD FROM MANILA.

London, April 30.—A dispatch to the Daily Mail from Hong Kong dated Friday says: "War news is scarce. Nothing has been heard of the American fleet or from Manila. Commodore Dewey considers that his duty will be done when the Spanish fleet is captured and safely has been secured for trailing vessels. Eleven of these vessels are overdue and the Americans feel exceedingly anxious. The formation of the provisional government at Manila will be announced at the discretion of the United States Consul, Williams."

THE LAST RESORT.

New York, April 30.—The Journal in a Washington dispatch yesterday asserted that the board of strategy recommended last night that as soon as it becomes apparent that the Spanish fleet does not intend to cross the Atlantic, the Canary Islands in the Atlantic and one of the Balearic Islands in the Mediterranean, probably the island of Minorca, will be seized by the United States as a base of supplies.

It says that if the Spanish fleet does not come to us, the board of strategy has declared that to end the war we must attack Spain at home.

PORTUGAL IS NEUTRAL.

Lisbon, April 30.—The decree announcing the neutrality of Portugal was published in the official gazette yesterday.

The proclamation forbids the equipment or entry of privateers in Portuguese waters and permits the entry of belligerents into Portuguese ports for a brief stay only.

CUBA FOR CUBANS.

New York, April 30.—The Cubans in this country are actively preparing to co-operate with the American army in the invasion of the island. Besides the expedition of Brigadier-General Emilio Nunez and Capt. James E. Dorst of the American army that will start early next week from Tampa or Key West, several others will follow.

Orders have been issued to Admiral Sampson for the protection by the American Navy of Nunez's expedition. Brigadier-General Castillo's will comprise at least 1,500 men. Major-General Julio Nangilly will take another. General Laceret with command another. At least 5,000 Cubans will go in the several expeditions prepared.

Tampa, Fla., April 30.—Eight large steamers have been chartered by the government as transports, and 5,000 men of the regular army will be specially conveyed to some Cuban port, acting as guard and escort of the munitions of war which are to be supplied to the insurgents. At the same time a vessel laden with supplies for the starving reconcentrated will be sent to Cuba and will be protected by ship of war. The troops will be commanded by Brigadier-General W. R. Shafter, and will be taken from the regular army as follows:

Four thousand infantry taken from the Fourth, Fifth, Sixth, Ninth, Tenth, Seventeenth and Twenty-first regiments; one thousand cavalry taken from the First, Second, Third, Sixth, Ninth and tenth cavalry regiments. The artillerymen will be taken from the First, Second, Third, Fourth and Fifth artillery regiments.

PRESENT TO THE GOVERNMENT.

New York, April 30.—The Ogden Goelet heirs have refused the money which the government was to have paid for the yacht Mayflower, now a torpedo boat destroyer, attached to Admiral Sampson's fleet. The sum which the Goelet heirs thus renounce in favor of the government is about \$175,000. This is the second yacht to be accepted by the government as a gift from its owners. Frederick A. Schermerhorn gave his yacht, Freeland, and the offer was accepted. John Jacob Astor has also offered his yacht the Normah, but it has not been accepted.

ENGLAND WOULD TRADE.

Washington, April 30.—Sir Julian Pauncefote has had two conferences with Secretary Day, the other with the president himself, upon the Philippine question. In the effect that England would offer a good bargain in trade for the Philippines should the United States be disposed to talk business. Possibly she might offer the entire lot of English West Indies in exchange for the Philippines. So certain is the government of its capture of Manila that arrangements for their control are being prepared.

MORE FUNDS WANTED.

Washington, April 30.—Secretary of War Alger has denied to ask for a deficiency appropriation to carry his department until July 1. The extraordinary demand for funds caused by the war preparations have resulted in a deficit. Congress will be asked to vote the war department about \$35,000,000.

MAY GET CAUGHT.

Madrid, April 30.—Captains of Spanish trans-Atlantic steamers will undertake to deliver mails between Spain and Cuba and are confident of their ability to run the Cuban blockade.

The Spanish steamer Serra, Capt. Colasola, sailed yesterday for Havana.

Leave your order for cream and cakes with the Delicatessen. Prompt delivery to any part of the city.

GOVERNMENT PLANS ARE MATURING.

The Aim of the Government Is to Gain Ingress to Cuba By Way of Manzanilla.

MANILA BLOCKADE ESTABLISHED.

Flying Squadron Will Be Kept to Protect Unfortified Cities on Our Coast and Watch the Spanish Fleet.

THE LAND FORCES ARE TO GO TO CUBA.

Washington, April 30.—General Shafter has today been selected to lead the invading army in Cuba.

General Fitzhugh Lee and Wheeler will have command of the volunteer troops as majors.

Arrangements for the invasion of Cuba are being pushed as rapidly as possible. It is reported the first troops will be landed next week.

The government has prepared for the transportation of 5,000 troops and 9,000 tons of baggage and munitions of war.

The action of Admiral Sampson in shelling the forts along the Cuban coast is to furnish more than one suitable place for landing troops.

New York, April 30.—A special to the World of yesterday from Washington says:

It is stated on the highest authority that as the newly formed preparations for actual hostilities stand they contemplate these operations:

First—The opening of ingress to Cuba for the relief ship which is to carry supplies to the reconcentrated in Cuba and the co-operation of the United States naval forces with those of the insurgents. This invasion, which is to be conducted purely as a relief expedition, may land at Manzanilla. The Sampson squadron is being urged to make way for and to protect the relief expedition.

Second—The preventing of the Spanish fleet now at Manila, in the Philippines, from joining forces with the Spanish fleets at Cape de Verde Islands and in Cuban waters. The instructions to Commander Dewey are not to shell Manila unless the fortifications assail the American fleet. A rigid blockade, similar to that established at Havana, is to be enforced against Manila. An engagement, if any occurs, will be precipitated by the Spanish fleet under command of Admiral ("Fighting") Montejó.

Third—The flying squadron is to be held at Fort Monroe as a reserve fleet, but is to be drawn upon if necessary to protect unfortified cities. The squadron may reinforce the Sampson squadron. This is the original plan mapped out more than three weeks ago by Assistant Secretary of the Navy Roosevelt.

Fourth—The guarding of the approaches to cities on the north and middle Atlantic coasts by regulars. The original plan contemplated the performance of this duty by vessels

REGIMENTS READY TO MOBILIZE.

The Louisville Legion Will Be Mobilized at the Chattanooga Grounds by Thursday Next.

FLAG FOR THE THIRD REGIMENT.

The Troops Will Begin Moving Monday—The Third Regiment Will Be Quartered on Lexington Trotting Track.

OTHER MILITARY NEWS OF INTEREST.

Lexington, April 30.—The Second Regiment, K. S. G., will be quartered at the Tattersall's grounds. The companies will all arrive Monday.

The Louisville Legion will be in camp at Chattanooga.

The Third regiment will be at the trotting track, and all companies have been ordered.

They will be mobilized by next Thursday.

Frankfort, April 30.—Gen. Collier says there will be no extra session of the legislature. The government agrees to pay all the expenses of the troops.

Arrangements for transportation of troops were all completed this morning.

Gen. Collier says the troops will begin moving Monday.

Ed Chenault went to Frankfort yesterday and offered to Governor Bradley the services of his company, consisting of 156 volunteer negroes.

"The governor told me," Ed said, "that from present indications he expects another call for volunteers within ten days or two weeks. If this call comes he expects to have a negro regiment among the troops."

Troops are still being hurried to Cuba, but the war department refuses, positively, to give out anything to the newspapers.

Washington, D. C., April 30.—Congress, according to what most of the leaders say, is likely to remain in session until the war with Spain is over. It is most important that it should, in view of the possibility of complications with other European nations.

BLOCKADE OF MANILA ESTABLISHED.

Commodore Dewey Anchored Before the Philippine Capital This Morning—Where the Spanish Fleet?

SPANIARDS CLAIM A VICTORY.

Madrid Excited Over the Reported Defeat of Commodore Dewey's Squadron—Probably the Spanish Side of It.

NEWS ANXIOUSLY AWAITED AT WASHINGTON.

New York, April 30.—The stock exchange has a cable this morning stating that Commodore Dewey's Asiatic squadron successfully blockaded Manila at 2 o'clock this morning.

No mention is made of the Spanish fleet, and it is not known whether a battle has taken place.

It is supposed the Spanish fleet has eluded Dewey's fleet.

Madrid, April 30.—(Special cable to the Courier Journal.)—The city is on tip-toe of expectancy for news of an engagement off the Philippines, which, it is felt, can not be long delayed. Indeed, rumors have been current since about 5 o'clock yesterday afternoon that the fleets have already met; that the Spaniards have defeated the Americans, and that three American vessels have been sunk. No official information has been received yet, nor can the rumor be traced to its foundation.

OUR FLEET OFF BOLINAU.

Hong Kong, April 30.—It is denied that the Spanish fleet has left Manila to meet the American squadron. On the contrary, it is asserted that the Spanish warships will remain in Manila bay to assist the forts.

It is reported from Manila that the American warships have been sighted off Bolinau, where the rebellion broke off last February, but the weather has been too stormy for the fleet to communicate with the rebels.

PRICE BISMARCK.

London, April 30.—Prince Bismarck, according to a dispatch from Berlin, says that Germany ought not to bind her hands by a neutrality declaration.
